

ACTION PLAN FOR EUB DECISION 2004-090

**EOG RESOURCES CANADA INC.
APPLICATIONS FOR A LICENCE FOR A NATURAL GAS WELL
JUMPING POUND WEST**

	ACTION ITEM	REQUIRED ACTION/COMMENTS	REFERENCE: D 2004-090	EUB PROCESS TO ENSURE FOLLOW-UP	STATUS & EVIDENCE
1	ERP	EOG must supply copies of the updated ERP to any resident within the EPZ who requests it.	Page 7, Section 5.3. Paragraph 4.	EOG's cover letters to be copied to the EUB upon sending.	<i>Ongoing</i> No requests were received.
2	Road Maintenance	Should EOG drill this well in the winter months, EOG must have a contractor on standby to plough the roads, if necessary, to ensure that the roads are passable in the event that an evacuation is necessary while conducting operations in the sour zone.	Page 7 Section 5.3 and Page 6, Section 5.2, Paragraph 3.	To be monitored by the Midnapore Field Office	<i>Complete.</i> EUB Midnapore Field Office confirmed that it did not snow during the relevant times and therefore ploughing was not required.
3	Test of Communications and Response Protocols	EOG is directed to ensure that its test of communications and response protocols conforms to a tabletop exercise, including communications, as described in Appendix 3 of <i>Guide 71</i> .	Page 8, Section 5.3 Paragraph 5	To be monitored by the Midnapore Field Office and Public Safety branch	<i>Complete.</i> Tabletop exercises were held on December 10, 2004 and January 6, 2005. A drilling simulation exercise was held on January 13, 2005. A completions simulation exercise was held on January 31, 2005.
