**Re: Pembina Pipeline Corporation  
Fox Creek to Namao Pipeline Expansion Project  
AER Decision 2016 ABAER 004 – Condition #10  
Natural Revegetation Assessment**

Dear Mr. Miles:

The Alberta Energy Regulator (AER) is in receipt of correspondence dated November 4, 2016, regarding a submission for confirming compliance with condition 10 from Decision 2016 ABAER 004.

The AER has reviewed the materials submitted by Pembina Pipeline Corporation (Pembina), which include a final plan outlining how it will assess reclaimed sites along the right-of-way that are significant to Driftpile First Nation. The AER accepts the plan and notes that it exceeds the terms outlined in the condition. However, condition 10 will not be considered complete until after the documentation is submitted for the last required growing season.

The AER notes that condition 10 also states that Pembina should share copies of the assessment with Gunn Métis Local 55 and Alexander First Nation if they are interested in receiving the documentation.

If you have any questions, please contact Rachel Ruddell at 403-297-8557 or by email at [rachel.ruddell@aer.ca](mailto:rachel.ruddell@aer.ca).

Sincerely,

A handwritten signature in blue ink, appearing to read 'S. Youens'.

Shelley Youens  
Director, Pipeline Authorizations
