**RE: Alberta Energy Regulator Decision 2016 ABAER 004
Pembina Pipeline Corporation ("Pembina")
Applications for Two Pipelines, Fox Creek to Namao Pipeline Expansion Project Decision
(the "Decision") Condition #10 Final Plan**

Further to the Alberta Energy Regulator Decision, and specifically Condition #10 of the Decision, Pembina encloses its final plan for implementing and ensuring full compliance with Condition 10 ("Condition 10 Final Plan").

In accordance with the expressed requirements of Condition 10, Pembina requested the assistance of Driftpile First Nation ("DFN") in identifying at least one site on the Fox Creek to Namao Pipeline Expansion Project ("Project") right-of-way to be assessed as specifically required in Condition 10. Pembina met with the DFN on numerous occasions during the course of developing the Condition 10 Final Plan and provided the Condition 10 Final Plan to the DFN on October 3, 2016. As noted in the Condition 10 Final Plan, it exceeds the requirements of Condition 10. Pembina's willingness to fund DFN's participation in executing the plan, again exceeds the requirements of Condition 10.

Please contact the undersigned if you have any questions in respect of the above and the attached.

Sincerely,
