Syncrude Canada Ltd.

On May 25, 2018, the AER issued a notice of hearing, setting out the process for filing a request to participate in the hearing of Syncrude's applications associated with the Mildred Lake Extension Project. On May 25, 2018, the panel also advised Fort McMurray #468 First Nation (FMFN 468) that it had determined that FMFN 468 may be directly and adversely affected by the project and was prepared to grant FMFN 468 full participation rights in the hearing without the need for FMFN 468 to submit a request to participate subject to FMFN 468 confirming its intended participation on or before June 14, 2018.

The panel is now aware that FMFN 468 that has withdrawn its Statement of Concern and will not be participating in the hearing.

Sincerely,

Elaine Arruda
